

THE REINHARDT REPORT

We pray you all had a great month of February! The shortest month of the year has now given way to longer days and hopefully warmer temperatures. We thank the Lord for another month to serve Him and for His faithfulness!

A new baby: We want to thank so many of you who have been praying for Altagracia and for those who were able to help her in her time of need. She gave birth to a healthy baby girl of 7 lbs. at the beginning of the month. Mom and baby are both doing well! Her living situation has been very chaotic due to her immaturity, her immigration status, and her lack of being able to work because of the baby. She's moved three times in one month but with this last move God has been gracious to provide her a room in the house of an elderly woman who has said she can stay as long as she needs to. Continue to pray for her spiritual health. Now that she is settled, we hope to study the Bible with her regularly.

Ministry: This month was a challenging month for ministry in Dayton. Due to sickness, travel, and the work schedules of those attending we only had 1 service with people in attendance (besides our family). Even with these setbacks we continue to invite people and look for ways to connect with them. The virtual prayer meetings that we started in January began with lots of enthusiasm but that was short-lived. We were able to connect the groups in Dayton and Fairfield a couple of different times but in the end everyone was just "too busy". BBC had an activity for families that we invited the Spanish ministry to. We had five come and had a good time deepening our relationships with those who came.

Family: The transition program, Project Life, that Natali and Neomi are in continues to go well. Natali is enjoying working in a factory setting and Neomi loves working at an assisted living facility. We should hear something this month about the next phase of the program called Project Search which would start in August. Rebecca is busier than ever between work, family, and ministry but somehow she still keeps our family running smoothly. We will be in a couple different mission conferences this month and ask that you pray for us as we seek to be a blessing to the churches we will be at.

Iglesia Bautista Fe - Peru: Pastor Paul and his wife Roxana were super busy the last couple months. It is summer-time in Peru which means kids and youth camps as well as VBS. They also had the first wedding in the new building this month. Thank you again to all who gave so generously for the purchase of the land and construction project. Paul asks prayer for an ongoing rat situation. The renters in the building next to the church grind corn which means - rats. These rats were making their way into the church building. As you can imagine this was not a pleasant situation and Paul was able to remedy them getting in the building. However, they are still able to get on the roof of the building!

Moving Altagracia

Visiting my Grandma in the hospital. She was very sick but is now home and recovering after an emergency surgery and the flu.
